Delivery. We will deliver electricity to you at the interconnection point between your T&D Utility and the regional transmission system. While we will make arrangements for delivery of electricity to you by your T&D Utility, we have no liability or responsibility for matters within the control of your T&D Utility, including transmission or distribution charges, maintenance or operation of the electric lines and systems, service interruptions, loss or termination of service, deterioration of electric services, or meter readings. **You should contact your T&D Utility in the case of outages, emergencies, and similar service matters. The phone numbers are: CMP – (800) 696-1000 and Bangor Hydro - (800) 440-1111.**

Electricity. We warrant to you that the electricity provided to you during the Term will be certified as from hydroelectric generating stations certified by the Low-Impact Hydropower Institute (LIHI) and located in Maine, or if such LIHI facilities are not available, then from Maine hydroelectric generating stations that have been licensed by the Federal Energy Regulatory Commission after 1/1/1987, and further that 100% of the electricity provided to you during the Term will be matched by wind generation renewable energy credits from a national Green-certified wind project.

Renewal. Following the initial 36 month (3 year) term, your contract will renew automatically for successive three-year terms, unless you notify us prior to 30 days before its termination that you do not wish to renew. **The price for each renewal term will be the market price 30 days prior to the end of the current term.**

If you fail to provide such information or deposit, we may deny service to you or terminate this Agreement.

Taxes. You are responsible for all applicable taxes associated with sales under, and performance of, this Agreement. You will be billed (for payment to the appropriate authority) for all sales or other applicable taxes imposed with respect to the sale or consumption of electricity hereunder. You are responsible for identifying and requesting any exemption from the collection of any tax by providing appropriate documentation to the T&D Utility and us. Your obligations with respect to taxes shall survive the termination or expiration of this Agreement.

Billing. We intend to bill you through your T&D Utility under this Agreement. You must pay our invoices, which are included on your T&D Utility bill, in the same manner that you pay charges imposed by the T&D Utility. Any overdue amounts will be assessed interest at the same rate and on the same terms as charged by the T&D Utility.

Termination. If you do not pay on time for our services, we may terminate this Agreement and our obligation to provide electric service hereunder and revert your electric service back to Standard Offer Service, and you shall be responsible for any penalties you incur as a result.
